

Agentic Third-Party Risk Management Service Specific Licensing Terms

Additional Definitions, as applicable:

"Third-Party" means an external organization. Customer is responsible for any Third-Party compliance with this Agreement and any breach by a Third-party will be deemed a breach by Customer. Customer is fully responsible for the content, files, or information provided by Third-Party and any requests to remove such content.

"Third-Party Managed" means a Third-Party for which an assessment, evaluation, or risk review has been initiated or completed within the Service using agentic features. For clarity, a Third-Party that is merely stored, listed, or tracked within the Service, without an assessment having been initiated or completed, does not constitute a Third-Party Managed.
