

OpsAudit Service Specific Licensing Terms

Additional Definitions, as applicable:

"Audit" means a project created by a Customer within the Service's OpsAudit module during a given Year consisting of one or more work steps.

"Core User" means any User other than a Stakeholder.

"Stakeholder" - OpsAudit - A Stakeholder is a limited user that can respond to WorkStream requests (such as for evidence requests), view and remediate issues and access audit final reports.

"Risk Page" means having the ability to document risk information on a single Risk page within the Service.

"Workflow" means a unit of automation that will pull evidence from a third-party integration or run customer-defined automation.

"Integration" means an external system or application to which Optro connects.

"Monitor" means an instance of a workflow that runs automated testing procedures to produce a deficiency list.

Additional Terms:

1. **DPA.** To the extent that Customer does not have a Data Processing Addendum ("DPA") incorporated as part of their Agreement, the DPA located at <https://www.optro.ai/enterprise-agreements> shall apply to Customer's use of OpsAudit.
