

RiskOversight Service Specific Licensing Terms

Additional Definitions, as applicable:

"Core User" means any User other than a Stakeholder.

"Stakeholder" - RiskOversight - A Stakeholder is a limited user that can respond to risk assessment surveys, respond to WorkStream requests, view and edit risk information, view assessment results, and create as well as be assigned to mitigation plans.

"Entity" or "Entities" means any item that Risk and Controls are assessed against, e.g. business units, products, regions.

"Risk Page" means having the ability to document risk information on a single Risk page within the Service.

"Tested Control" means having the ability to document control information, control test information, and control testing results on a single control page within the Service.

"Non-Tested Control" means having the ability to only document control information and control test information on a single control page within the Service.

"Workflow" means a unit of automation that will pull evidence from a third-party integration or run customer-defined automation.

"Integration" means an external system or application to which Optro connects.

"Monitor" means an instance of a workflow that runs automated testing procedures to produce a deficiency list.

Additional Terms:

1. **DPA.** To the extent that Customer does not have a Data Processing Addendum ("DPA") incorporated as part of their Agreement, the DPA located at <https://www.optro.ai/enterprise-agreements> shall apply to Customer's use of RiskOversight.
